

Trees for the Future

*Presents this
Certificate of Tree Planting
in Honor of
MyGreenGames.com*

1000 trees will be planted on your behalf

*This village project is being implemented to save the homes and way of life of people in **India**, a country devastated by deforestation and, increasingly, global climate change. This certifies the planting of 1000 trees. These fast-growing, permanent, beneficial trees will help to protect these fragile and eroded lands and assure that families can continue to live in dignity and in harmony with the natural resources of their lands.*

A handwritten signature in black ink, reading "Paul Deppen".
